

Officer Borges thank you so much for coming and teaching us about the things we need to know. Thank you for protecting us and taking care of us. All the people that came and saw you they loved the things you taught and showed us. Do you love been a police officer. Because one day I want to be a police officer.

Best wishes,

Morlene Maldonado

Dear: Officer Borges

Para "El Protector" who is an officer of the city of Nashville, TN. "El protector" real name is Juan Borges. Juan Borges yo quiero Thank you because you take time to care about people. I know that you know that some people don't care about what you say. I like the idea the of the police to be closer to the Latin people. Because that gave me the idea that police care about people they work to protect.

Thank you for all

Sinceramente
